Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Friday 05 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mostly fine and dry but chilly.

This Evening and Tonight:
Cloud will tend to disperse to allow clear periods in most places, allowing a sharp frost for some. Cloudier across the far northwest of Scotland with a little light rain.

Saturday:
Most parts dry with broken cloud and sunny spells. Remaining cloudier across northwest Scotland with some rain at times, especially later.

Outlook for Sunday to Tuesday:
Patchy rain across the northwest on Sunday, otherwise fine, dry with an early frost. Turning milder and windier from the northwest, with any frost confined to the south by Tuesday.
